

Merry Christmas and a Happy New Year from Digital Smiles Inc.!

Bev and I wish you, your staff and your family a very Merry Christmas and a Happy New Year!

We are very thankful for the business you sent our way in 2009 and hope to continue with a good rapport for the New Year.

Gearing up for SharePoint 2010 in the new year as well as Windows 7 training.

As usual, Office 2007 roll outs and training keep me busy and will continue to do so in the new year as more and more businesses are upgrading.

2009 was a busy year for business and pleasure travel as I went to:

- San Ramon (by San Francisco),
- St. John's, Newfoundland,
- Montreal, Quebec,
- Saskatoon, Saskatchewan,
- Vancouver, British Columbia.

Whew! But enjoyed every moment of it!
